## Working Student or Intern (m/f) - Web based Project Cost Calculation and Approval Tool

Standort: München

Stellen-ID: 1343

G+D Mobile Security ist weltweit führend bei der Verwaltung und dem Schutz digitaler Identitäten über deren gesamten Lebenszyklus. Mit seinen Produkten, Lösungen und Services unterstützt G+D Mobile Security Kunden bei der sicheren und zuverlässigen Umsetzung ihrer digitalen Transformation. Unser Portfolio - Secure Elements, Software-Plattformen, Lösungen & Services für die Verwaltung digitaler Identitäten in zahlreichen Industrien.

For the Solutions and Services business of G+D Mobile Security a tool is used globally to calculate the costs of customer projects in order to approve them during the pre-sales phase.

A project is about to start to replace the existing deal calculation tool with a web based solution to enhance functionality and usability.

The tool and process is owned by the Professional Services Controlling department. In this context we are looking for a working student or intern to support this project.

### Areas of Responsibility:

- Collection of user input / user interviews (sales, project management, operations, ...)
- Preparation of documentation and presentations
- User testing
- Definition of documentation and training material
- Conduct trainings for users
- Support the project management office

### Qualifications/Experience:

- BA or MA student of economics, business informatics, industrial engineering or other relevant areas
- Student matriculation
- Self-starter, independent work style
- Highly motivated with a strong sense of ownership
- Excellent analytical, conceptual, communication and presentation skills
- Good knowledge within controlling would be a plus
- Very good written and spoken English, German is a plus

### What we offer:

- The opportunity to work in an innovative technology environment.
- Access to facilities such as our fitness studio and canteen
- The possibility to write your Master or Bachelor thesis with us

Wir freuen uns auf Ihre Bewerbung!

G+D 3S GmbH  
Prinzregentenstraße 159, 81677 München
